Description

This 2026 BMW 1 Series 120i M Sport is a refined hatchback that combines modern engineering with the distinctive styling of the M Sport trim. As a vehicle with only one owner, it offers a clear history for its next driver. Under the bonnet, it features a 1.5 litre petrol hybrid engine that meets Euro 6 emission standards, balancing performance with contemporary efficiency requirements. The driving experience is defined by responsive power, capable of accelerating from 0 to 62mph in 7.8 seconds. To assist with everyday driving, the vehicle is equipped with a comprehensive Parking Assistant system, which includes both a rear camera and rear sensors. These features provide added confidence when manoeuvring in tight spaces, making this model a practical choice for those who value both performance and ease of use in their daily commute.
