Description

With only one previous owner and very low mileage for its 2024 registration year, this BMW 1 Series 116d M Sport is a great find. The M Sport trim adds a touch of sporty styling to this practical hatchback, which is powered by an efficient 1.5L diesel engine and meets the Euro 6 emission standards. It also boasts LED headlights, including LED headlights, for enhanced visibility and an electric bootlid for added convenience. This BMW 1 Series stands out with its large boot space, making it ideal for families or anyone who needs to transport bulky items regularly. Furthermore, its low CO2 emissions mean you can enjoy a more environmentally friendly driving experience compared to similar vehicles.
