Description

This 2026 BMW 1 Series 120i M Sport is a refined hatchback that combines modern engineering with the distinctive M Sport trim. As a vehicle with only one owner, it offers a well-maintained option for those seeking a recent model. Under the bonnet, it features a 1.5 litre petrol hybrid engine that meets Euro 6 emission standards, balancing performance with contemporary efficiency requirements. The driving experience is defined by responsive performance, with the car capable of accelerating from 0 to 62mph in 7.8 seconds. To assist with daily driving, the vehicle includes a comprehensive Parking Assistant system, which incorporates both a rear camera and rear sensors to make manoeuvring into tight spaces straightforward. These features, combined with the agile nature of the 120i powertrain, provide a practical and capable driving experience that stands out in the competitive hatchback market.
