Description

This 2019 MINI Countryman Cooper S Classic offers a practical yet spirited driving experience, powered by a 2.0L petrol engine that meets Euro 6 emission standards. Having covered 32,740 miles, this vehicle presents a low mileage option for its age. As a Cooper S Classic variant, it combines the familiar MINI design with the increased space and versatility expected of the Countryman model. The vehicle is equipped with the Comfort Plus Pack, which enhances daily usability through features such as climate control and heated seats. Manoeuvring is made straightforward by the inclusion of front and rear parking sensors, along with a rear camera. The exterior is distinguished by the MINI ALL4 styling and darkened rear glass, providing a cohesive look. Performance is a key aspect of this model, with the engine capable of accelerating from 0 to 62mph in 7.6 seconds, ensuring it remains responsive in various driving conditions.
