Description

This 2023 BMW 2 Series 220i M Sport is a refined example of the popular M Sport trim, offering a blend of performance and style. Powered by a 2.0 litre petrol engine that meets Euro 6 emission standards, this vehicle has been maintained by only one owner from new. Its combination of modern engineering and the distinctive M Sport specification ensures a driving experience that remains consistent with the high standards expected from the BMW brand. The vehicle stands out for its practical efficiency and thoughtful equipment, making it a sensible choice for daily driving. It achieves a fuel economy of 44 mpg and benefits from low CO2 emissions, which helps to keep running costs manageable alongside its low insurance group rating. The inclusion of the M Sport Pro Pack adds a premium branded sound system for an enhanced audio experience, while the adaptive LED headlights provide improved visibility on the road. These features collectively offer a well rounded package that balances comfort, technology, and economy.
