Description

This 2024 MINI Countryman S Classic is a superb example, having had only one owner since new. Finished in a classic trim, this four wheel drive model boasts a responsive 2.0 litre petrol hybrid engine, meeting the Euro 6 emission standards. For added comfort during colder journeys, it features a heated steering wheel, ensuring a pleasant driving experience no matter the weather. The performance of this Countryman is a real highlight, with its ability to accelerate from 0 to 62 miles per hour in a swift 7.1 seconds. This impressive acceleration indicates a more dynamic and engaging driving experience compared to many other vehicles in its class. The combination of its efficient hybrid technology, all wheel drive capability, and the engaging performance makes this MINI Countryman S Classic a compelling choice for those seeking both practicality and driving enjoyment.
