Description

This 2020 MINI Countryman Cooper Sport presents a compelling proposition with its remarkably low mileage of just 33869 miles for its age. As a Cooper Sport variant, this vehicle is powered by an efficient 1.5 litre petrol engine, meeting Euro 6 emission standards. Its low CO2 emissions are a notable aspect, contributing to a more environmentally conscious driving experience. The MINI Countryman Cooper Sport is designed to offer a blend of practicality and MINI's signature style. Its Euro 6 compliant 1.5 litre petrol engine ensures a balance of performance and economy, further enhanced by its low CO2 output which positions it favourably against other vehicles in its class. This combination of a well maintained, low mileage example and its efficient powertrain makes it a considered choice for those seeking a versatile and stylish compact SUV.
