Description

This 2022 MINI Electric Hatch Cooper SE Level 3 has had only one owner since new, offering a pristine example of this popular electric model. As a Level 3 trim, it comes equipped with the desirable Navigation Plus Pack, which includes Apple CarPlay for seamless smartphone integration and a Head Up Display to keep your eyes on the road. Adding to the sense of space and light, the Panoramic Glass Sunroof provides an opening roof for those warmer days. Experience the instant torque and brisk acceleration of this electric MINI, capable of reaching 62mph from a standstill in just 7.3 seconds, a performance that sets it apart. With a total battery capacity of 33 kWh, it offers a maximum range of 142 miles when new, making it suitable for daily commutes and shorter journeys. Charging is convenient, with a full charge at home on a 7kW charger taking approximately 5 hours and 15 minutes, while rapid public charging can take the battery from empty to 80% in as little as 36 minutes.
