Description

This 2022 MINI Countryman John Cooper Works presents an exceptional opportunity with its remarkably low mileage of just 16086 miles, having been owned by only one individual. This performance focused variant boasts a potent 2.0L petrol engine paired with a capable four wheel drive system, all meeting the Euro 6 emission standards. Inside, you'll find a wealth of premium features designed for comfort and convenience, including a panoramic glass sunroof that opens up the cabin, a MINI Head Up Display to keep your eyes on the road, and a Premium Pack that encompasses air conditioning, Apple CarPlay integration, keyless entry, rear parking assistance, and heated seats. The vehicle is further enhanced by striking LED headlights and a heated front windscreen for those colder mornings. The driving experience of this MINI Countryman John Cooper Works is truly exhilarating, highlighted by its impressive acceleration of 0 to 62 miles per hour in a swift 5.1 seconds. This performance metric demonstrates a clear advantage over many other vehicles in its class. The combination of its sporty John

Cooper Works trim, advanced technology, and low ownership and mileage history makes this Countryman a standout choice for those seeking both practicality and thrilling performance in a stylish package.
