Description

This 2021 BMW 1 Series 128ti (LCP) is a standout choice, having been owned by just one person and boasting remarkably low mileage for its age, with only 25,246 miles on the clock. Powered by a 2.0L petrol engine and meeting Euro 6 emission standards, this model offers a compelling blend of performance and efficiency. You'll appreciate the convenience of an electric bootlid, the advanced Head Up Display for essential information at a glance, and the clarity provided by LED headlights, all contributing to a refined driving experience. The 128ti variant truly shines with its impressive acceleration, achieving 0-62mph in a swift 6.1 seconds, a figure that sets it apart from many in its class. This performance is complemented by a large boot space, offering practicality for everyday needs and longer journeys. These highlights demonstrate how this particular BMW 1 Series provides a superior combination of dynamic capability and everyday usability.
