Description

With only one owner from new, this 2026 MINI Cooper C Sport offers a rare chance to acquire a vehicle with exceptionally low mileage of just 3,280 miles. This Sport trim model is powered by a 1.5 litre petrol engine that meets Euro 6 emission standards, ensuring it remains compliant with modern environmental regulations. Inside the cabin, the driving experience is enhanced by the inclusion of a heated steering wheel, providing added comfort during colder weather. The performance of this MINI is defined by its responsive nature, capable of accelerating from 0 to 62mph in 8.0 seconds. This capability, combined with the specific Sport variant tuning, provides a driving experience that feels more agile and engaging than many standard hatchbacks in its class. By balancing efficient petrol power with quick acceleration, this vehicle delivers a practical yet spirited drive that stands out for those seeking a refined and well maintained compact car.
