Description

This 2025 BMW 2 Series Gran Coupe 220i M Sport offers a rare chance to own a nearly new vehicle with only one previous owner and a very low mileage of 4,393 miles. This stylish saloon is powered by a 1.5L petrol hybrid engine that meets Euro 6 emission standards, ensuring it remains compliant with modern environmental regulations. The vehicle is well equipped with the M Sport Pro Pack and the Technology Plus Pack, which includes a head up display, LED headlights, keyless entry, a 360 degree camera for parking assistance, and wireless phone charging. Additionally, the exterior is finished with sun protection glass, completing the comprehensive specification of this M Sport trim model. Choosing this vehicle provides significant practical benefits, as it is designed to be both economical and affordable to run. The petrol hybrid powertrain achieves

an impressive 52 mpg, helping to reduce fuel costs during daily commutes or longer journeys. Furthermore, the car benefits from low CO2 emissions and falls into a low insurance group, making it a sensible and cost effective choice compared to many other vehicles in its class. These attributes combine to offer a modern driving experience that balances performance with everyday efficiency.
